

MK-FOUR CAT 5E STRANDED PATCH CORD

DESCRIPTION

- The MK-FOUR™ Category 5e UTP patch cord has been design for MK-FOUR™ Category 5e solutions
- Meet or exceed Category 5e performance standard
- Category 5e support high speed applications
- 10Base-T (IEEE802.3)
- Fast Ethernet (IEEE802.3u)
- Token Ring (IEEE802.5)
- ATM 155
- Gigabit 1000 Mbps (802.32)
- 4 pairs stranded unshielded, 24 AWG conductor
- Non Plenum (CM rated)
- With moulded boot
- Universal wiring (TIA 568A/ TIA 568B)
